## MACHINERY GIVES PIONEER SURE REWARD

Pioneering, hard though it may be still looks for its most cases, obtains its fitting reward; and to this end machinery is playing its part and proving a real factor in the ultimate success of our farmers.

The latest improvement for the dairy farmer is the new B.L.C. milking machine, and proving his up-to-dateness, J. Alexander has recently installed this marvelous labor-saver on his farm on 32-43-6-4.

The outfit is the latest thing in machines of its class, and consists of a vacuum pump and tank with the necessary piping and the actual milker itself, which is the prime factor of the whole works. This wonderful contrivance is so constructed that it really acts as a mechanical calf, holding the teat in just the right place and drawing the milk in exactly the same manner. It is fitted as the head of the milking pail or container, which by the way is partitioned so as to keep entirely separated the product of the two animals which it milks at the same time.

Besides being a great labor-saver the machine certainly ensures great cleanliness, as the milk is never exposed to the open air at all until poured into the separator, thus proving a great feature from a hygienic point of view.

The outfit under notice is one capable of handling up to ten cows at one and the same time, and for this reason it is considered as a time and labor-saver cannot be over-estimated. It is so constructed, also, that it is automatically cleaned by merely plunging into hot and cold water while working the vacuum pump, and as all working parts are silver lined all doubt as to its hygienic qualities is removed.

Mr. Alexander has installed a 24-h.p. Mogul engine, which in addition to handling the vacuum pump, pressure tank and milker, takes care of the work of the separator as well as handling the split of the well pump with which his barn is equipped.

These are the appliances such as will keep our boys and girls on the farms and which prove that pioneering eventually is found to be rewarded.

H. L. Hoegh of the Creamery, is the local agent for the "B.L.C." milker and will be pleased to supply our readers with all available information regarding the outfit.

## LITTLE MISS LEWIS HAS BIRTHDAY PARTY

On Friday last some 40 of the young people of the district enjoyed themselves at the home of Mr. and Mrs. H. Lewis at Greenfield, in the celebration of the eleventh birthday of their daughter, Miss Beth, the afternoon and evening being spent in games and music. A bounteous supper was served which was greeted by an elaborate birthday cake, duly cut by the owner. The young lady was the recipient of many useful and pretty gifts.

A good time is assured at the "Crazy Dance" tomorrow (Thursday) evening at the school.

On and after Sunday next, the Sunday school at Grace Methodist church will be held at 12:15 p.m.

## PUBLIC NOTICE

### TOWN OF WAINWRIGHT

Applications will be received up till Twelve o'clock Noon on the Fifteenth day of June, 1920 for the position of General Utility Man (with team) for the Town of Wainwright. Salary: \$175.00 per month. Duties and terms of contract can be obtained at the office of the Secretary-Treasurer. By order, H. Y. PAWLING, Sec. Town.

## ADVANCE RUMELY'S BABY TRACTOR SOME PULLER

As evidenced by the tests of the new "Baby Tractor" which W. Goulet is moving as the latest Rumely product, this little machine is quite able to hold its own in the traction field for this class of implement.

It is a 12-20 rated machine and the manner in which it jogged around town while pulling the street grader bespeaks many friends for it. In these days of shortage of labor and weakness (from lack of feed) of horses for necessary work on the farm, the new arrival will no doubt make a lasting appeal to many.

## CHAUTAUQUA GIVES THREE DAY SHOW

Chautauqua has come and gone and while not wishing to decry the efforts of any particular artist, it must be admitted that the general verdict is one of "disappointment"—both as to quality and quantity.

The fact that we in Wainwright have amateur talent of no mean ability, probably tends in a measure to detract from the efforts of the average road-show, but it was clearly shown that the old adage still holds good and distant fields do LOOK green.

The varied programme was at all times listened to with attention (and in some cases patience) and a few of the numbers presented were of outstanding merit, but taken as a whole, "it passed the time."

Such lectures as those given by Prof. Osborne and Dr. Powell were, of course, such as could well be expected of these talented men, but apart from these two instances, very little indeed of an educational value to the series given on this circuit.

The following was the three day programme:

Friday—De Wille Musical Trio and Miss Attley Entertainers and lectures by W. G. Lavelle and Prof. W. Osborne.

Saturday—The Baron Entertainers and lectures by W. G. Lavelle and Prof. W. Osborne.

Sunday—The Harmon Court Singers and Dr. Powell lecturer.

Junior Chautauqua was held every day for several days before Chautauqua opened. The work consisted of games and stories.

A Junior Sports Day was held Saturday morning. A red ribbon was given to the winner in each event and a blue one to the one getting second place. The following are the events and their winners:

- Dodge ball contest—1, Lillis Boyd; 2, Joan Kosholt;
- 50 yds. boys—1, Irwin McLeod; 2, Leslie Miller;
- 50 yds. girls—1, Margaret McDonald; 2, Eileen McCall;
- 3-legged race, boys—1, Irwin McLeod; and Lee Hare; 2, Lawrence Aykroyd and Robert Hare;
- Chariot race, girls—1, Maude Barton team; 2, Polly Springer team;
- 25 yds. boys—1, Mason Steele; 2, L. Aykroyd;
- 25 yds. girls—1, G. Lade route; 2, V. Boudreau;
- 3-legged race, girls—Marie Haynes and G. Haynes; 2, J. Sutherland and M. Fish;
- Barrow race, boys—1, Irwin McLeod; 2, J. Jones and L. Aykroyd;
- Hop race, girls—1, G. Lade route; 2, A. McLeod;
- Skipping race, girls—M. McDonald; 2, L. Boyd;
- Potato race, girls—1, P. Springer; 2, Sutherland, L. Boyd and R. McLeod.

## WEDDING BELLS

At Battledore Sask on May 27th, the marriage was solemnized between Miss Irene W. J. Wilcox of Wainwright, and W. J. Wilcox of town. Congratulations to the happy couple, who have taken up residence on their farm south of town.

## MAYFIELD NEWS MAYFIELD LITERARY CLUB

The Literary club held their usual meeting on Wednesday last, when a large crowd was pleasantly entertained by speakers being given by E. Garneau and J. Veitch.

All members of the club are asked to be present at the meeting on Wednesday next, June 9th, when the picnic is to be discussed. At this meeting a musical programme will be given by artists from town and supper will be served.

Mr. and Mrs. D. M. Ross are visiting friends here for a short stay before returning to their home at Darrington, Alta.

## LOCAL NOTES

Mrs. H. Clute was a visitor to Edmonton on Sunday last.

W. S. Goulet is in the city for a few days this week on business.

Don't forget the dance at the theatre after the show tomorrow (Thursday) night.

Dr. Powell put over some good points in his Chautauqua "Home town" lecture, and they're all true. Advertising pays!

We welcome to town this week two young people from "And Glasgow, Scotland" in the persons of Miss J. M. McClelland and her brother, Mr. McClelland, who saw service in the Great War is connected with the aero-naval service. They are guests of Mrs. J. A. Chalmers.

## PRODUCTIVE STOCK SAVED TO COUNTRY

All the rough stock of the country is now out rustling on last year's crop ground and native pastures. The supply of hay from the country has been brought in by provincial government, is adequate to satisfy the demands of work stock. Estimates with regard to losses are difficult to make. In a general way it appears that the very active and economical liquidation of stock which was carried on from June until December last year is going to reach into big figures. About four hundred thousand stockers went out of the province, chiefly from southern Alberta, a great many others were absorbed by northern farmers and the packing plants put away likewise a great many young animals that otherwise would have been carried over until the next year. The count of stock in the south has been so materially reduced that a percentage on the number left must necessarily be an extremely small percentage in relation to the whole cattle stock of the country.

The management of live stock has been saved to the country. Most of the stuff that went out was the stocker stuff and the cows have been held back. Dairy wealth last year in spite of the drought showed its usual 15 per centum increase over previous years and prospects are favorable for a quick restoration of the cattle count. It is to be noted that in addition to the losses of the south there were some incurred in the central part through miscalculation of amount of feed required to carry cattle through.

Sheep have come through well on the range but increase is going to be light owing to poor conditions at breaking seasons last year. Only seventy-five or so are expected to be produced and lamb losses are to be counted on top of this.

J. McCall, Crop Stationer and Publicity Commissioner, is spending a few days with relatives in the city this week.

## G.T.P. EMPLOYEES DRAVLY BURNED AT ROUNDHOUSE

While working on repairs to the dining car which had been taken out of No. 1 on Friday last on account of its trouble developing, Car Inspector J. Sutherland, and Tom Lissimore who were working under the car in a pit at the roundhouse suffered a bad burning from the fact that a can of oil was accidentally knocked over the pit and ignited from a torch which the men below were using.

The two men were immediately enveloped in flames from the burning oil, but with great presence of mind Mr. Sutherland at once tore the burning clothing from his mate and both scrambled quickly to safety.

Mr. Lissimore suffered bad burns to his left shoulder and side while his companion in distress received severe burns about the face neck and hands. We are glad to know that both men are recovering nicely.

## "BEST SELLER" BY FORMER EDMONTON MAN

A book which is being highly spoken of appears under the title of "Virtue's Reward," or her escape from white slavery, and since reading the work we have nothing but praise for the masterful manner in which the author deals with this delicate subject.

The tale describes the very early pioneering days in Alberta and this fact alone lends it somewhat of a sentimental appeal.

It is from the pen of the Rev. D. W. Pomeroy (writing under the non-de-plume of Appleyro) who at one time was a resident of both Edmonton and Irma and who is now pastor of the United church of Merna Alta. This gentleman, being himself a pioneer in the word's fullest sense, is uncommonly well fitted to write such a story as this and the interest is held from cover to cover. Coming to the west several years ago in the capacity of Methodist minister he is fully acquainted with the sordid aspect of pioneer life in a new country in all its phases and the descriptions of such add charm to the reading.

At present Mr. Pomeroy is working along constructional lines for rural community life, and in addition to his pastoral duties, he is principal of the public school at Merna. He will forward a copy of this book to anyone sending \$1.25 in postal or money orders.

## OBITUARY

### MRS. ROBERT OLIVER

The death took place suddenly in Saskatoon Tuesday last, week of Mrs. R. Oliver, former well-known resident of Edmonton who succumbed after an illness of a month at the residence of the late Robert Oliver, Saskatoon manager of the Scott Fruit company, and daughter of Mrs. Priestley living in Edmonton. One brother and one sister, Mrs. Arthur is also a resident of Edmonton, as is an unmarried sister. Another sister of the deceased Mrs. Major Ross resides at the coast and a brother Norman at Wainwright. The funeral will be held at 2 p.m. at the residence of the late Mrs. Oliver, Saskatoon.

The Rev. R. Priestley of town is a brother of the deceased lady and was with her at the time of her death. The funeral was taken to Edmonton where interment took place on Friday last in the family plot.

The Star extends the condolences of a large circle of friends and acquaintances to the bereaved relatives.

## ROSEMARY DANGLES

Mr. and Mrs. Rosemary S. D. has been officially changed to Rosemoyle.

All wheat is now needed; oats will also be in the ground this week.

Many of the folks are taking in the Chautauqua which is being held in Edmonton this week.

Miss Saul of Chauvin, who is teaching school at Crest Hill, Ribstone was visiting Miss Elwood here.

Alf Challenger has completed seeding on his farm here and moved his outfit to Edmonton Saturday last.

Miss Elwood took a number of her scholars to Edmonton Friday evening, where they were entertained by an official who is in charge of the Chautauqua.

## DONALD FRASER KILLED

The sad news was wired to town yesterday of the accidental death of Donald Fraser of Winnipeg, whom many of our readers will remember as formerly firing out of Wainwright before being transferred to the shops at Transcona.

Mrs. Fraser, who has been paying a visit to her parental home here, left for Winnipeg on yesterday's train, accompanied by Mrs. W. Gano. Mrs. Fraser, of Edmonton, mother of the deceased, also journeyed east with them.

The condolences of all will go out to the young widow and 5-year old son in their bereavement.

## REPORT OF EXPERIMENTAL FARMS READY

Almost every farmer in Canada is interested in some phase of the agricultural work carried on by the Dominion experimental farms system, both at Ottawa and on the twenty branch farms distributed between the Atlantic and the Pacific. The work covered on these farms includes investigations with live stock, field crops, fruit growing, tobacco, bees, poultry and in fact, all branches of agriculture adapted to Canadian conditions. The report of the Dominion experimental farms for the fiscal year 1919 is obtainable from the publications branch, department of agriculture, Ottawa. This report records many valuable and interesting experiments that are under way. Among these are experiments of feeding live stock for market, summer and winter experiments in fattening swine, bee division gives a preliminary report of its experiment with two queens, in one hive, and in the division of economic fibre production the variety test and the prairie flax straw experiments are outlined. Throughout this publication there are many valuable conclusions stated which are based on the experimental work conducted at these farms.

## FAMOUS EDITORS TO VISIT TOWN

We learn that Mr. C. F. Crandall, honorary secretary of the executive committee of the Canadian Press Association, has received a list of the delegates who will attend the Imperial Press Conference in Canada this summer. The delegation when completed will comprise sixty from the British Empire and forty from the overseas dominions. The preliminary list gives the names of thirty-one from the dominion who have already signified their intention to attend.

The main body of visitors, including representatives from overseas will sail from England on the Victorian and arrive at Halifax on July 25. Seven of the Australian delegates are however, coming via Vancouver. The conference will be held in Ottawa on August 5, 6 and 7, and the delegates will tour Canada from coast to coast in two separate parties.

The Wainwright on Sept. 2nd, the tour ending at Quebec about Sept. 15th.

## THE HAT SHOP NOW OPEN NEW BRAND (Next to Washburn's)

Mrs. D. Sutherland

## NEW PUBLICATION BY G.T.P. FOR VACATION TIME

A splendidly illustrated folder descriptive of the Grand Trunk Pacific route through the Canadian Rockies and Pacific Coast towns, including Toronto, to the Alaska Coast (Stewart, B. C.) and Observatory Inlet (Anchorage, B. C.) has just been issued from headquarters of the passenger traffic department, Winnipeg.

Persons contemplating trips for their summer vacation should get a copy of this publication which will be mailed free on application to any Grand Trunk Pacific Agent, or by writing to Mr. W. E. Dupont, General Passenger Agent, Winnipeg, Man.

## WHY NOT FORM A COMMUNITY LEAGUE NOW

The popularity of the chautauqua movement, affording as does an occasional break in the deadly monotony of community life—indicates the general readiness of the great majority of all classes of people to invest their money in community building undertakings. Commendable as it is, they are nevertheless doomed to fail in accomplishing definite and concrete results. It lacks the essential element of permanency. It is launched and managed outside people whose purpose is financial gain. It is concerned only in the profits of the business.

Chautauqua promoters being expert observers of the signs of the times, have been quick to sense the awakening of public opinion to the need of a greater and more permanent basis for a definite program of community building. Lecturers, concert companies, singers, players, and bureaus have approved the term "community" and with much waving of banners and beating of drums, have announced themselves as the saviours of society.

They have come and gone and the people have known them once shall know them no more forever! Organisations—local, provincial and national—bearing the "community" title have faded, blossomed, and have brought forth—in most instances—little fruit. A very character, which have been built up about a big idea, have attracted national attention but have in the vast majority of cases, come to grief, because the local public has failed to sense real merit in any undertaking which did not immediately return cash dividends. The plan of measuring all values in dollars and cents has proved a fatal handicap. If the chief thought in the minds of the promoters of any community undertaking is "What is in it for me?" that enterprise is doomed to failure from the beginning.

## FAMOUS EDITORS TO VISIT TOWN

The following is a summary of the main features of the taxation proposals submitted to parliament by the minister of finance and which are now in force:

Taxes on luxuries.

Excise duties on motor cars increased from 10 to 15 per cent.

Increased duties on beer, wine and spirits.

Tax of one percent on the sales of all manufacturers, jobbers, wholesale dealers and importers. Tax will apply to specified essentials.

Additional stamp taxes on bills of exchange and promissory notes of \$100 or over. Tax of 2 cents for each share of stock.

Tax on moving picture films removed.

Tax on incomes over \$5000 per year and upwards increased by 5 p.c.

Business tax renewed and modified.

Exemption to be extended from seven to ten percent.

System of collecting business and income tax to be changed.

Each taxpayer is to be his own assessor.

Entire removal of customs duty of 7 1/2 percent.

A feature of the luxury tax is its general application. It hits articles of all kinds. The small wares as well as the most expensive come under this tax. Ten percent will be levied on the purchase price of coats in excess of \$5.00, on hats men's and boys', in excess of \$5.00 on caps, men's and boys', in excess of \$2.00 each; on stockings or hose silk, men's or boys' in excess of \$1.00 per pair; on neckties and neckwear, men's and boys' in excess of \$1.50 each; shirts, including nightshirts, and misses in excess of \$3.00 each; hats, bonnets and hoods women's and misses, in excess of \$12.00 each; stockings or hose, of silk, women's and misses in excess of \$2.00 per pair; kimono, petticoats and waists, in excess of \$12.00 each; pyjamas and underwear in excess of \$5.00 each.

The new taxes on luxuries, beer, wine and spirits, motor car sales and stamp duties come into effect May 19th 1920.

## HIRE OUT ON PLOW TO KEEP HERSELF & FAMILY

L. C. Farnsworth had an unprofitable season with Magistrate J. H. Dawson, on Friday last, when owing to the non-provision for his family he was ordered to supply his wife with \$2.00 and pay a fine of \$10, and costs, or in the alternative to spend the next four months at Fort Saskatchewan practicing hard work.

It appeared from the evidence that the defendant was under an order from the Court to pay his wife the sum of \$20, per month towards the maintenance of herself and four children (three of whom are his).

Mrs. Violet Farnsworth, deposed that she had tried to get the money owing for April, but could get nothing from defendant and that she was at present hired out on a farm running a four-horse plowing outfit for the wage of \$75.00 per month. Out of this amount she was paying \$10, per month arrearage for the keep of each of the four children and wanted the defendant to contribute his allotted share as ordered. The defendant had provided nothing at all; either food or clothing. He was able to work.

The defendant claimed that he was unable to procure work. He had not been sick. He had started on a job about a week ago.

He was given until the following day to produce the necessary six-six "simoleons" or work "with no chance of getting fired" for four months as stated above.

The money was paid.

## LUXURY TAX NOW IN FORCE TO RAISE REVENUE

The following is a summary of the main features of the taxation proposals submitted to parliament by the minister of finance and which are now in force:

Taxes on luxuries.

Excise duties on motor cars increased from 10 to 15 per cent.

Increased duties on beer, wine and spirits.

Tax of one percent on the sales of all manufacturers, jobbers, wholesale dealers and importers. Tax will apply to specified essentials.

Additional stamp taxes on bills of exchange and promissory notes of \$100 or over. Tax of 2 cents for each share of stock.

Tax on moving picture films removed.

Tax on incomes over \$5000 per year and upwards increased by 5 p.c.

Business tax renewed and modified.

Exemption to be extended from seven to ten percent.

System of collecting business and income tax to be changed.

Each taxpayer is to be his own assessor.

Entire removal of customs duty of 7 1/2 percent.

A feature of the luxury tax is its general application. It hits articles of all kinds. The small wares as well as the most expensive come under this tax. Ten percent will be levied on the purchase price of coats in excess of \$5.00, on hats men's and boys', in excess of \$5.00 on caps, men's and boys', in excess of \$2.00 each; on stockings or hose silk, men's or boys' in excess of \$1.00 per pair; on neckties and neckwear, men's and boys' in excess of \$1.50 each; shirts, including nightshirts, and misses in excess of \$3.00 each; hats, bonnets and hoods women's and misses, in excess of \$12.00 each; stockings or hose, of silk, women's and misses in excess of \$2.00 per pair; kimono, petticoats and waists, in excess of \$12.00 each; pyjamas and underwear in excess of \$5.00 each.

The new taxes on luxuries, beer, wine and spirits, motor car sales and stamp duties come into effect May 19th 1920.

## FARM PRICES CITY COSTS

In spite of the constant clamor against the high cost of living there does not appear to be any reasonable prospect that the peak has been reached. Since city prices have risen so rapidly there is now arising a demand from the rural districts that farm prices should also join in the fight.

In a recent number of the Farmer's Sun the following article was reproduced from the *Huntingdon Gleaner*, which is published in the province of Quebec and reads: "During the past month there have been an abnormal number of auction sales in the country. It has caused the reason given for disposing of livestock is the lack and high prices of labor."

"The procession from the farm to the city continues, and it looks as though prices of produce will go still higher or the quantity will decrease; for apparently the returns from farming are not so attractive as those offered by the shops in the cities. The farmer is absolutely necessary to the city and either city prices must come down or farm prices must go up. The farm laborers are justified in refusing to work from dawn to dark for wages below that paid in the cities, and the farmer finds himself hard put to get help. The farm business must be made to pay enough so that for the same number of hours wages on a farm with the cities can be paid. Farm system efficiency must be put on a par with the factories or unequal conditions will cause serious complications which will affect the whole of Canada. The day has passed when the farmer could depend on the farm and work there as hired men without any other consideration."

making the Prairies More Homelike

The idea involved in the above heading is actually that of making the prairie look more like home to people who have come from Eastern Canada and from other countries where there are many trees. At the same time trees are desirable things and give an air of comfort to the landscape. More than that, in proper places, as along the border of fields trees are of great benefit to dwellers on the prairie. They form a wind-break against cold winds in winter and against hot, drying winds in summer.

## Enjoy These Four Tire Advantages

A new principle of tire construction offers you the following exclusive advantages that you have always longed for—1. Greater Mileage. 2. Puncture-Proof Guarantee. 3. 20p.c. oversize. 4. Half the Cost.

And although all these advantages are contained in this one tire—its construction is so simple that motorists wonder why it wasn't thought of.

Here's the principle in a nutshell; when your tire has given you all the mileage you can safely demand of it—when the tread is worn thin but the fabric is still serviceable—when your next move seems to be the purchase of an expensive tire.

Come to us and learn how you can add 5,000 to 15,000 miles to that worn casing and enjoy all the advantages.

## Agriculture

It is imperative that every agricul-  
turalist form a sound association with  
a progressive thinking institution.  
This bank is stimulating production by  
providing a broad service for ambitious  
farmers. Any of our 400 branches can  
furnish reliable information as to mar-  
kets and shipping facilities.

Reserves exceed \$174,000,000.

### ALBERTA RED X SUPPLIES NURSE POUCE COUPE

En route for the Pouce-  
Coupe country, forty miles  
beyond Dunvegan on the fringe  
of settlement, Miss Kate Ethel  
Heastie, a fully trained nurse  
of several years' experience  
and a member of the Victorian  
Order of Nurses of London,  
England left Calgary on Thurs-  
day May 13th. She is the first  
nurse to be sent out by the  
Alberta provincial branch of  
the Canadian Red Cross to  
carry the benefits of expert  
nursing service to the pioneers  
of the hinterland. Her post of  
duty lies in an isolated colony  
separated from the nearest  
white settlement by forty miles  
of muskeg. She takes with  
her \$500 worth of supplies for  
the use of the settlers.

Arrangement to establish  
the service were made immediately  
after the provincial Red Cross,  
a fortnight ago, had received  
word of the existence of an  
emergent condition at Pouce-  
Coupe. Then for the first time  
it was learned that a  
colony of twenty-nine settlers  
and their dependents had been  
taken into this country in  
August, 1919, by the Soldiers  
Settlement Board, and that the  
settlers had since their arrival

entirely lacked nursing or  
medical service of any kind.  
In every instance in which the  
Red Cross can supplement the  
work of the Alberta Depart-  
ment of Public Health it is do-  
ing so, and in co-operation with  
the department aims greatly  
to extend its already large  
sphere of usefulness in the near  
future. The emergency at  
Pouce-Coupe provided an oppor-  
tunity which was quickly  
seized.

### CO-OPERATIVE WOOL SALE.

The announcements have  
been issued in connection with  
the sale of wool held annually  
by the Alberta Provincial  
Sheep Breeders' Association.  
This association shows phe-  
nomenal growth. In 1915, the  
first sale, 28 contributors sold  
12,758 lbs. of wool for \$24,478.  
Last year 379 contributors sold  
143,502 lbs. wool for \$77,624.14.  
It has been decided this year  
to have all wool graded in Tor-  
onto, the Directors feeling that  
a more uniform grading would  
thus be obtained. Sacks and  
twine are being supplied to the  
members at cost, as usual, by  
the Secretary, W. J. Stark, of  
Edmonton. Members are asked  
to ship the wool to Edmonton  
immediately at the close of the  
Exhibition, when it will be for-  
warded to Toronto for grading  
and sale as fast as the cars can  
be packed and shipped. 75p.c.  
of the market value of the wool  
is sent to the contributor when  
the wool is received in Edmon-  
ton. The Alberta Provincial  
Sheep Breeder's Association  
through its annual wool sales,  
have during the past six years  
secured the highest market  
price for its members, regard-  
less of the quantity of wool  
they possess. The governing  
factors in the prices paid the  
quality of the wool and the con-  
ditions in which it is received.  
Any farmer who owns sheep is  
eligible to become a member  
and take advantage of this co-  
operative sale. The Secretary  
W. J. Stark, will gladly for-  
ward all information.

### CHURCH NOTES

### WHEN SCHOOL IS OVER

Does any profession impose  
a greater strain upon its mem-  
bers than that of teaching? A  
vacation is essential—it's neces-  
sary to restore the physical  
system and refresh the mental.  
At this season the questions are  
"Where to go?" and "When  
can you start?"

The far off places of the  
world are not easily accessible  
at present, nor do they offer  
anything more beautiful or in-  
teresting than are to be found  
in our own Canada. Make your  
vacation trip of educational  
value and if you have not visit-  
ed the Canadian Rockies and  
the Pacific Coast, see that  
beautiful and historic country  
—"Out at the end of the  
Trail." Let the Grand Trunk  
Pacific agent make out an  
itinerary for you including that  
the waters of the North Pacific  
Coast via the "Inside Passage".  
Descriptive literature and all  
information on application to  
any Agent of the Grand Trunk  
Pacific Rly., or by writing to  
Mr. W. E. Duperow, general  
passenger agent, at Winnipeg,  
Manitoba. 2-60

## HAPPENINGS OF LOCAL INTEREST

Ed. Felix shipped his effects to Washington State on Wednesday last, where he is taking his wife and family.

"Who will with pie and cake be fed. Who dearly loveth home-made bread Come buy, come buy, our wares come try."

Your cravings we will satisfy at the Presbyterian Ladies' sale of home cooking in Bowerman's store on Saturday next, June 5th, 1920. 2-6c

The regular meeting of the U. F. A. and U. F. W. A. will be held on Saturday next.

In view of the fact that most of the garden seedling is now finished, it has been suggested that the owners of all chickens do kindly keep them securely penned up. It requires considerable work and time to cultivate a garden and to have it destroyed by chickens is annoying to say the least!

Our town readers who are the proud possessors of a "gentle bossie" (or more) are requested to take note that the pound by-law is to rigidly enforced according to the advertisement of the Utility Committee which appears in this issue.

In furtherance of Red Cross work in the province we learn from the Secretary, Mrs. E. McNeill, that arrangements are under way for a picnic gathering at Clear Lake in the near future when the peace-time program of this organization will be fully explained. Fuller details will appear later.

Alberta owns about forty million dollars' worth of automobiles. Last year's records showed that one family in every three had a motor car. This decade has surely been the motor age. Perhaps the aerial age is fast approaching as seventeen aerial taxi companies are organized this year on the Canadian prairies.

Turn out and witness the big football game tomorrow evening when the town team will try conclusions with the G. T. P. line-up.

On Tuesday next the Wainwright leather chasers will meet the Chauvin aggregation at 7 p. m. and as the latter team are determined to "take back the honors" a good game is assured. Turn out and root.

Bob Hunter is in the city this week on business.

Stop! Look and admire, the good eats in Bowerman's window next Saturday afternoon. Sale of Home Cooking by the Presbyterian Ladies' Aid. 2-6c

**TOO LATE TO CLASSIFY.**

**FOR SALE**—160-acre Improved Farm; 7 miles north of Fabyan; price \$2,000; good terms.—Apply Wainwright Realty Co., Town. 2-6c

**WANTED**—Good KITCHEN GIRL; good wages paid.—Apply Killarney Hotel, Chauvin, Alta. 2-6c

**FOR SALE**—Good Quarter-Section; a snap or will trade for Town property.—For particulars apply to Chas. Redgwell, shoe repairer, Second ave. Wainwright (near Fire Hall). 16-6c

**TO EXCHANGE**—Will Exchange for eight sacks of SEED OATS, Two Lots in Wainwright.—Apply at The Star office. 16-6p

Mrs. A. G. Smith had as her guest at the park on Sunday Dr. W. S. Osborne of the Chautauqua.

Rev. N. Priestley is in the city for the whole of this week attending conference and on this account there will be no Services at Grace Methodist church on Sunday.

R. A. McKay was entertaining his father and mother, who motored from Hardisty, over the week end.

In connection with the arrival of Miss McClelland from Scotland, we understand that wedding bells will be ringing to day. Charlie will tell us more for our next issue.

Mrs. Geo. L. Hudson will receive for the first time since her marriage, on Thursday, June 3rd (tomorrow), from 3 till 6 p.m. at her home one mile north of town.

Another new Ford arrived in town last week with the ownership tag reading—E. L. Cork.

Mrs. C. Burbeck and baby of Edmonton arrived last week end on a visit to her mother Mrs. O. Limpert.

E. E. Connor who has been away losing a place for his sheep ranch, and has at last found a location in the Chilli-wack, B.C., country, whither he shipped his household effects on Thursday last.

Call at the Star office and get a prize list for the fair, then get busy on your exhibits.

Mr. and Mrs. M. Thompson of Hardisty drove over for a week end visit with Mr. and Mrs. Wolfe of town.

Mr. G. Bott was in town from Calgary last week in the interests of the gas proposition for Wainwright.

Policeman Bear at Bowerman's corner: "Now then, get a move on, there. If everyone was to stand here on the corner, how would the rest of the people pass?"

Excited bachelor: "Aw, shut up! Give us a chance at the Presbyterian ladies' sale of home cooking." 2-6c

How dear to our heart is the steady subscriber. Who pays in advance without skipping a year. Who takes out his money and forwards it gladly. And sends to our office a halo of cheer. He never says "Stop it; I can not afford it." Or "Getting more magazines now than I read." But always says "Send it, the whole family wants it. In fact, it's the one individual need."

**Safe Satisfactory Sight Service**

To eyeglass wearers and those who should be wearing them. Safe and Satisfactory Service. Come to us with all confidence and, depend upon it—You will have no Cause for Complaint. **ALBERT F. BROWN** I will be at **Cork's Jewelry Store**

## Owning Your Own Home

is an advantage few realise. The man who doesn't has troubles too numerous to mention.

No greedy landlord to make you eat out of his hand—no worry about moving—no periodical rent increases—in short, owning your own home increases your self-respect; places the members of the family among the substantial worth-while people of the community in which they live. And, greatest of all, home owning inspires in associates a confidence that brings greater prosperity.

Take advantage of our building knowledge and our superior grades of material at prices as low as the lowest.
